EPA’s Questions for State and Local Air Agencies:

- Is there information on performance or cost of new or additional control technologies, improved methods of operation, improvements or upgrades to existing controls, or other practices and technologies that may result in cost-effective reductions of HAP emissions from coal- or oil-fired EGUs?
 - Do you have information regarding the cost or performance of technologies and practices relating to monitoring of HAP emissions, and control of HAP emissions during startup and shutdown events, that could result in cost-effective reductions in HAP or assure improved operation of existing controls?
- Next call – Thursday, December 1, 2022 at 11:30 a.m. – 12:30 p.m. (Eastern time)
