Office of Atmospheric Programs/OAR/U.S. EPA

EPA invites you and your key technical staff to participate in a workshop to continue our work together to address interstate transport for the 2008 ground-level ozone standards. During this workshop, we plan to work with you to evaluate cost thresholds and budgets and would like to learn more about the work the states have been doing. The details of the workshop are below along with the preliminary agenda.

When: April 8, 2015 (10:30 a.m. – 4:30 p.m.)

Where: U.S. EPA's Research Triangle Park Facility, Building C (Auditorium)
Durham, NC

Please confirm your attendance with: Gobeail McKinley (mckinley.gobeail@epa.gov)
