

Next Generation Air Monitoring Data Standard Development

Michael Ogletree, Director of the Air Pollution Control Division

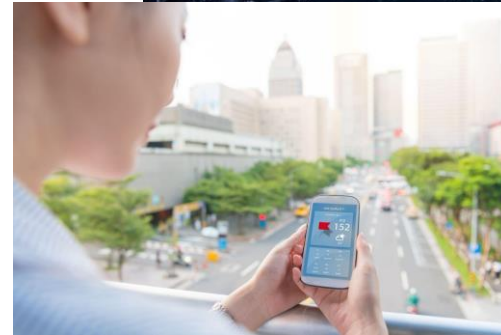

5/10/2023

COLORADO
Department of Public
Health & Environment

Why?

- Broader access and understanding of data
- Increased transparency
- Ability to make informed decisions about exposure

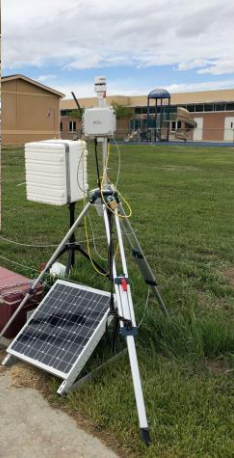

How?

- Socializing
- Stakeholdering
 - Local
 - State
 - Federal
 - Private
 - Instrument providers & integrators
 - Consultants, experts

What?

- Next generation monitoring
- Community monitoring
- Research monitoring
- Source specific rules and regs requiring monitoring
 - Colorado Regulation 7
 - Disproportionately Impacted Communities
- Pushing platforms to do more analytics
